## Grass Fires Unsafe, Useless, Wasteful

The state horticulturist today warned landowners that brush and grassland burning was "dangerous, wasteful, and useless".

Edward D. Johnson, Maine Department of Agriculture, urged all who participate in this springtime pastime to stop and consider these four dangers before striking a match:

Destruction of large quantities of organic matter, so badly needed by our soils;

Weakening and killing of useful grasses and ground cover plants, and encouragement of witch-grass and other weeds;

Endangering and oftentimes destroying valuable buildings and other property;

Wasting one's own time, since practically no useful purpose is accomplished!

"And remember also," Johnson said, "that such burning is prohibited by law unless done under permit from fire warden or fire departments, with appropriate penalties for unauthorized burning."

The burning of neglected areas in order to reduce fire hazards, one of the very few real excuses for such activity, had best be done only under the supervision of fire officials, he added.

## COMMENTS FROM THE TOWN MANAGER'S OFFICE

The surveying and staking out of Chapman Street for the new sewer and reconstruction of the street was done last week. It will be very much appreciated if the stakes and markings are not disturbed. The materials are being ordered this week for the sewer line, which is expected to be laid early in May. Once this project is started it will undoubtedly inconvenience the public to some extent, as to start with it will be necessary to dig nearly all the way across Main Street to connect to the Main Street sewer. The new sewer will be laid beside the old one, which will be abandoned once the new one is completed. It is expected to be able to change each person's service from the old to the new line as the new sewer is laid without any inconvenience to the residents on the street. As for the reconstruction of the street it will be at least a month after the sewer is laid. The Portland Cement Association is providing an engineer free of charge, as the street is to be soil cement construction, and he has advised that it should be at least a month so as to allow the earth to settle as a result of the sewer job.

Sincerely,  
Harold L. Bean

## FEED PROGRAM SIGN-UP BEGINS

The sign-up of farmers in the 1961 feed grain program is now underway in Oxford County, according to word from William C. Chapman, Chairman of the County Agricultural Stabilization and Conservation Committee. The program provides payments to corn (including silage corn) producers who divert a portion of the acreage formerly planted to this crop to an approved conservation use. The average county rate is \$42.20 per acre for reducing such acreage a minimum of 20 percent below the base 1959-60 average. Individual farm rates may be higher or lower, depending on the farm's productivity in relation to the county average. A higher rate will apply for reducing corn acreage from 20 to 40 percent below the base.

Corn producers must cooperate in the 1961 grain program in order to be eligible for price support on the normal production of this year's corn acreage, as well as for support on any of their other 1961 feed crops—barley, oats, and rye.

Acreage diverted under the feed grain program must be put to an approved conservation use, and it must represent an additional amount over the farm's average acreage devoted to a conservation use in 1959 and 1960. Where applications are made in advance and program funds are still available, farmers may receive ACP cost-share assistance in installing the conservation use practice on the land.

Corn producers who are interested in taking part in the feed grain program are urged to get in touch with the County ASC office in South Paris promptly, but not later than May 22, which is the final date for filing acreage reports under this program.

## BETHEL PTA DISCUSSES SCHOOL CONDITIONS

The Bethel PTA met Tuesday evening at the Crescent Park School. Chairman of Ways and Means, Clifford Hillier, agreed to head a committee for the Fund Raising Fair to be held the first of September. Kay Eames was appointed nominating chairman. The next meeting will be held June 2 at the William Bingham Gymnasium in honor of Mrs. Olive Lurvey, who is retiring.

## LEGION COUNTY COUNCIL MET APRIL 18

A regular meeting of the Oxford County Council, American Legion, was held at the Fryeburg Post home on April 18 at 8 o'clock. The business meeting was held with Commander Fred Lawrence presiding. The following is a report of the posts present at the meeting: Locke Mills, South Paris, Bethel, Fryeburg, Dixfield, Rumford, Buckfield.

Oxford County Americanism Officer, Floyd Flagg, reported that a boy from Canton will be going to Boys State to represent the Oxford County Council.

Nominating committee chairman, John Howe, reported as follows: Commander, Louis Morin; 1st Vice Commander, Edgar Irwin; 2nd Vice Commander, Leland Dunham; Adjutant, Haggett; Finance, Lester Bickford; Service Officer, Haggett; Sgt.-at-Arms, Elmer Abbott; Chaplain, Floyd Flagg; and Historian, Roland Funk. This is the first nomination which means that at the next meeting at Dixfield, before election, other names can be offered for nomination.

President of the South Paris-Norway Drum and Bugle Corp., Louis Morin, spoke to the members about the different activities of the Corps. There will be a coronation ball at the Norway Armory on May 13. It was reported that the Corp will be ready for convention this year and will represent Oxford County Council.

The 2nd District Meeting will be held at the Alton-Gayton Post in Auburn on May 14. All delegates are urged to be present at this meeting to vote. Oxford County Commander Fred Lawrence urges all posts to send their delegates to the state convention to vote for the man of their choice.

Locke Mills will be unable to have the Field Day this year. The beach that was normally available for this purpose will not be this year.

Melodie Emery from Auburn has returned home after spending several days with her grandparents, Mr. and Mrs. Ralph Berry.

## Jaycees Sponsor Safe Driving Roadshow

The Bethel Jaycees are sponsoring a Safe Driving Roadshow for teenagers. The program is carried on in cooperation with the United States Junior Chamber of Commerce and other interested groups.

The program is open to all persons who have not reached their nineteenth birthday on or before August 3, 1961, and they must not be married either at the time of the finals or between the State and National finals.

The written examination will be given at the Bethel fire house at 7 p. m. May 4, and the

driving skill tests will take place at the airport at 1 p. m. May 7.

The Roadshow is designed to give young drivers the opportunity to prove their ability to drive safely, improve their driving habits and attitudes, and to stimulate community interest in high school driver education programs.

Local winners are eligible for the state contest and the program ends at the national level in August at Washington. Full details of the rules and for entering the contest may be obtained from the Bethel Jaycees.

## MRS. BERTHA ANDREWS

Mrs. Bertha Andrews died Monday at the home of her son, Ray Andrews, in Albany.

Born July 30, 1874, she was the daughter of Isaiah and Hannah Marie Haselton. Her husband, Lucien Andrews, died in April of 1950, and a son, Roy, died 10 years ago.

She had been a lifelong resident of Albany, and was a member of the Congregational Church and the Ladies Society of the Church.

Surviving besides her son with whom she made her home are a daughter, Mrs. Iva Keniston, Portland, 10 grandchildren and 19 great grandchildren.

Funeral services were held this Thursday afternoon from the late home in Albany, Rev. Mrs. Ives, Dr. Bull and Rev. Charles Schleich officiating.

## DAYLIGHT SAVING TIME STARTS SUNDAY

## CHAMBER OF COMMERCE TO MEET MAY 1

The Bethel Chamber of Commerce will hold Ladies' Night, Monday, May 1. The meeting will be held at the Congregational Church dining room. Supper will be served at 6:30 P. M.

Mrs. Louise Lincoln, State Representative, will be the guest speaker.

## IS TOWN TEAM BALL DEAD?

Back a winner—drop a loser—seems to be the motto of backers of town team baseball in this area. While towns like Andover and Bryant Pond support their teams with a fair amount of enthusiasm Bethel has many times demonstrated its lack of willingness to support anything but a winner. When Bethel organizes a town team this year make it known that it has your support—win or lose. If you can't take part in a sport—be one anyway.

## GOULD ACADEMY

Independent Schools Music Festival  
Frank Petillo, who will direct the combined band on Saturday, April 29, has been music director (both band and chorus) at Fryeburg Academy since 1949.

He was the Director of the Music Festivals in North Conway, N. H., during the summers of 1947-48-49. At that time, he directed the symphony orchestra, soloists, and the chorus. Since 1947, he has been the director of the Eastern Slope chorus and orchestra leader at the Eastern Slope Inn in North Conway. From that date, he also has been organist and choir director at Our Lady of the Mounts Church in North Conway. Beginning in 1950, he also became the organist and choir director at the St. Charles Church in Conway.

Dr. Leonard Raver, director of the combined chorus, holds a degree of Doctor of Sacred Music from the Union Theological Seminary in New York. For three years (1955-58) he was the organist and choirmaster of All Saints Episcopal Church in New York City. He was a member of the faculty of Union Theological Seminary in the Department of Music (1954-58). During the two-year period of 1958-60, Dr. Raver studied in Amsterdam on a Fulbright fellowship. He is currently visiting Professor of Music at Bates College in Lewiston.

The program of the evening concert will be as follows:

Tireurs Choisis, March, R. Petillo, arr. by F. Petillo for band; From "Water Music," Handel, arr. by Gordon, 1. Air, 2. Finale; Faust, selection, Gounod, arr. by McLaughly; In a Persian Market, Ketyelbey; American Folk Rhapsody No. 2, Grundman; My Fair Lady, selection, Loewe, arr. by Bennett; Tannhauser, march, Wagner, arr. by Lake; Band conducted by Mr. Petillo; Intermission.

Girls' A. A. Banquet  
Thursday, May 11, the annual Girls' Athletic Association Banquet will take place. There will be installation of officers, sports managers and assistant sports managers for next year. Awards will be presented to those girls who have earned a specific number of points in the various after-school sports activities.

This year's speaker will be Roger A. Peabody, executive director of the United States Eastern Amateur Ski Association. Mr. Peabody has been executive director of the USEASA since 1954 and is considered one of the leading ski authorities in the nation. In 1958 he was awarded the Wilder trophy for outstanding contributions to junior skiing.

Prior to joining the Eastern Association, he was director of the Franconia Notch State Reservation which includes the Cannon Mt. Aerial Tramway and ski development. He was president of the Franconia Ski Club from 1946-48 and served as a club director from 1949-1954. He is presently a club director, also.

Director and owner of the Profile Ski School in 1946-47, he was section chief of the National Ski Patrol System from 1946 to 1953, and was a Class A Competitor in the Alpine events from 1936-1951. The USEASA official was a director of the University of New Hampshire Alumni Association from 1954 to 1960 and served as president of the New Hampshire International Approved Basketball Officials in 1952-53. Currently, Mr. Peabody is director of the Littleton, New Hampshire Savings Bank and president of the Dow Academy Board of Trustees.

## Sahagian Speaks on Middle East

Copy of a speech made by Herman Sahagian, who spoke at the Rumford Rotary Club, Monday, April 10. He expects to be called in front of a Congressional Investigating Committee soon to relate the facts as he finds them in the Middle East.

I have returned home to Maine from a visit to the Middle-East.

I WAS APPALLED AT WHAT I SAW. Appalled that after the millions our government has appropriated and sent to the nations of that section of the Free World... so much poverty, misery and want should still exist.

I saw HEART-RENDING scenes... scenes hard (if not impossible) for any American to even imagine... especially any American who knows how genuinely concerned our people are with the plight of the underprivileged nations of the world. A concern, manifestly proved by the enormous sums UNDER POINT FOUR PROGRAM ALLOCATED AND SENT TO THOSE COUNTRIES.

In Beyrouth I saw a "Tin City"... the abominable "La-Flueve"... "La-Flueve" is the name of this "camp" or "Tin City" which is situated about six miles outside of the Capital City of Beyrouth. Beyrouth is the Capital of Lebanon, "La-Flueve" is the city for "Refugees"... a city of "Tin Huts"... huts made of tin beaten out from discarded American petroleum cans. Dwellings, if we can term as such, are unheated, unsanitary, and unfit for occupancy by either man or animal.

In Athens I saw children kicking through piles of refuse in the streets trying to salvage from the offal a scrap to eat.

In old Jerusalem, I saw a community of people, fugitives from the various political upheavals of recent events in the Middle-East. These people exist in crowded, oppressive rooms provided for them through the charity of hard-pressed local churches. This community is a veritable teeming anthill of civilization.

In Aleppo and Damascus, I saw six-year-old girls consigned to domestic service with wealthy families. This contracted arrangement exists so that they would not be a burden on their defeated, destitute parents, until they reach the age fourteen when they might legally be married.

THESE THINGS I SAW I talked to these people—hundreds of them, and I learned how little America is understood and appreciated by them. I thought of the enormous sums we have sent to the countries of the Middle East. I found not one soul who could admit they had benefited one iota from our enormous expenditure of money, food, clothing and other commodities. Indeed, it was news to them that America was at all interested in their plight.

One man said to me "We hear so much of the great wealth of America, then we look around ourselves and see the poverty. This causes us to wonder if Americans are so selfish, so unfeeling, so blind. I am an anti-communist by nature and inclination. I HATE THE SOVIET. Can you blame us if, in our need, some day, we accept gladly the help being offered to us by the Soviet Union?"

Then, of course, pin points the dual nature of the tragedy of the Middle-East... a tragedy of unutterable consequence not only to the United States of America, but to the future of the Free Way of Life in this world.

Our charitable nature, must be based on a foundation of self preservation if we are, not only to aid the underprivileged of the world, but save them for the cause of Freedom.

Although we are annually sending huge sums of money, to the nations needing aid in the Middle-East, we still find these sums are, somehow, never aiding the lot of the impoverished people, nor winning friends for Freedom of America.

I ask, in wonderment, how is it that our generosity is not resulting in the uplifting of human dignity in the free areas of the Free World, because of our passage, on the 6th of March of Freedom worldwide. Can a section of the world observe, as it

may very well prove true, the coming great decisive struggle between Freedom and Tyranny may take place.

Gentlemen: If we, the American people, DO NOT take effective steps to act now, we will lose the Middle-East. WE WILL lay it open to Soviet incursion and influence, and finally Soviet captivity.

Asia will be blocked off from us, HUNDREDS of millions of people, WHO are by nature Champions of FREEDOM, will find themselves STANDING STATIC in this moment of GREAT WORLD REAWAKENING. They will find themselves under the control of the Great-east despotism the world has ever known. All because they wanted to live in Dignity, to find a square meal.

For let it be known that the Arab, the Generic name given that Great family of People who dwell in the Middle-East, CAN NOT BY NATURE become a COMMUNIST. The tradition of the Arab people makes Communism, Collectivism, Social and Thought Control completely unacceptable to them. The Proud, Nomadic TRADITIONS of the Arab people, rebel against that which is Communism.

THESE PEOPLE WE MUST AID TO BETTER THEMSELVES. THE ALTERNATIVE IS DISASTER.

They want to be our friends, yet, they know nothing about us.

They say that they have heard about the segregation of our Negroes, yet, they do not know that No Where else in the history of mankind has a Negro been as free as he is today in the United States.

They speak of the Millions of "Wall Street," yet, they know nothing of the tremendous sums collected and spent by Americans and their charitable organizations.

They say that we are "Clannish"... that we do not share our wealth.... One parent told me: "If I had but one dollar a week from America, I could keep my little daughter home, give her warm clothing and food."

I am not here to tell you what is wrong with our governmental aid program in the Middle-East. I don't know what is wrong, but I do know that somehow the Federal sums allotted for aid, under Point Four, are not reflecting themselves in bettering the living standard of the poor in the Middle-East. In that section of the world one is either very rich or very poor. There is no middle class as we know it in America.

Gentlemen, I am here rather to sound an appeal, to utter a warning. I think it is time the American people establish methods of funneling money directly into the hands of those who need help the most in the Middle-East. I think we ought not at this critical time to indulge in the luxury of a national debate on the subject of "What is Wrong With Our Point Four Program"? I think rather that swift action on our part as private citizens, is of essence, and I call for the establishment of an organization of Americans of good will to collect funds and send those monies to private agencies abroad entrusted with the distribution of that aid among the people, directly, with no middleman.

We must get our message to the people the fastest, to use an expression made popular by the Confederate soldier, Forrest; and if the present system of extending aid to the vital section of the world is not effective, we must render it effective with characteristic American ingenuity and drive.

The stakes in the Middle-East are high. The Soviet is playing its cards expertly; we are simply trumping aces. This is a task for all Americans. It will mean further calls on our generosity; it will mean the establishment of a new private agency, it will mean a giant public effort, but for the future of America, of the people of the Middle-East, and for Freedom, we MUST succeed.

**"WHAT AMERICA MEANS TO ME" SUBJECT OF GR. 6 COMPOSITIONS**

A few of "What America Means to Me" compositions by students in Mrs. Doris Lord's Grade Six.

America! What a fabulous country! It is one of the few that is ruled by a democracy. Americans have freedom of speech, press and religion. They have the right to choose their own president. They make their own laws and decisions.

Now, let's compare a democracy with communism. First, in communism a person has no voice in the public. This means that he has no choice of the leader of his government or his religion. He is not allowed to speak up in public affairs if he thinks he's right. With us, it's just the opposite.

That's what America means to me. Freedom from tyranny, communistic rule, and the power of controlling others.—Stephen Trinward.

To me America means a home to be proud of, a free country, freedom to do and say what I think is right.

It means freedom to be able to worship God in my own way and not be forced into worshipping a strange God or a king, for that is what the Pilgrims wanted when they came to America.

We have freedom to choose our own leaders: president, governor, mayor, etc.

America means being able to do what we want to, and go where we want to go without always being told to stop.—Laurel Brown.

America means to me a free country in which all people should be happy.

Our forefathers have fought 4 major wars developing our country. All these times we have been fortunate enough to defeat our foes.

Our country has freedom of the press, speech, religion and others. America holds a fair election each four years in which all presidents are elected fairly.

In America there is little prejudice which we should be glad of.

We also have a very rich country, producing many of the goods we eat.

These are just some of the reasons why America is such a great country and What America Means to Me.—David Thurston.

To me America means a free country and a place to worship God as I choose.

When the English came to live in this country the first few years they had a hard time. For instance: The Indians wanted the land for themselves therefore they had to fight for it and they almost lost their leader that way.

Now America is an Industrial Country, it exports many hundreds tons of steel, copper, silver, gold, zinc, coal and iron each year. It also sends cars, airplanes, petroleum, rubber goods, wood products, clay and sand products, shoes, light machinery and many other things to different countries.

America is a very modern country as you can see but the

This country founded by the Spanish and settled by the English has many other important things which I do not have time to tell you about.—Michele Farrar.

I can express my feelings about America through its letters (A-M-E-R-I-C-A). The "A" stands for agriculture. America has many ways of expressing her agriculture, such as the Agricultural Association. This is an organization for the promotion of agriculture. The first instance of such a group was the Society of Improvers of the Knowledge of Agriculture in America.

The "M" stands for mutual. The mutual friendship of each American citizen, state, or country in America.

The "E" stands for equal. The equal trust of each person in America.

The "R" stands for religion. The people of America may choose whatever religion they like.

The "I" stands for independence. America has been independent for many years.

The "C" stands for courageous. If American pioneers had not been so courageous America would probably not be as advanced as she is now.

The "A" stands for ambitious. America had to be and still has to be ambitious to keep her freedom.—Eileen Saunders.

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

Thursday, April 27

Read Luke 2:41-47  
After three days they found Jesus in the temple, sitting in the midst of doctors, both hearing them, and asking them questions. (Luke 2:46).

One snowy day I was busy skimming through some books in a store. An old woman came in. She spoke to me, and I looked up and answered her greeting.

She began to relate her life story. She said she was 79 years old and lived by herself in an apartment. She went on to tell that her only child was now a practicing lawyer and that she had two grandchildren. After five minutes of talking, she said, "Thank you for listening."

As I thought about the parting words, I decided that listening is both an art and a ministry. It has value not only to the listener, but also to the

one who talks and shares. As a boy, Jesus asked questions and listened to the doctors in the temple in Jerusalem. By His example we are encouraged and challenged to develop the art. We are called upon to cultivate and use the ministry of listening — with interest and concern.

**PRAYER:** We thank Thee, Lord, for giving us all kinds of opportunities for Christian service, the ministry of listening being one of them. Incline us to listen with patience and love, and grant us sensitive hearts that will hear and share. In the Master's name. Amen.

**SCHOOL NEWS**

Franz Martin placed third in the Oxford County Spelling Bee held at the South Paris Junior High School yesterday. Franz, a seventh grade pupil at the Locke Mills school was one of nine county finalists. For his achievement in finishing amongst the top three, he was awarded a bronze medal.

The Gilead School Committee met recently at the Gilead School and reaffirmed its previous vote to send Gilead pupils to the West Bethel school next year. Gilead selectmen were invited guests at the meeting devoted to the problems of providing future schooling for Gilead children.

Reopening of the second room at West Bethel will provide space for all Gilead pupils next year as well as the pupils in the third grade at the West Bethel School now. By allowing the West Bethel third grade to enter the fourth grade in that school next year, the size of the fourth grade scheduled to enter Bethel village schools next fall will be reduced from 60 to 54. Division of next year's fourth grade in Bethel could then include one small class which might be housed in an expanded reading room at the Primary School. If this were done, one classroom at GPS would become available for the proposed third section of the eighth grade. It would also be necessary to convert other space at the village school into useable space to house the special reading program.

the objections to the proposal.

The third study period will be held on Sunday evening, May 7th, with the Special Church Meeting for voting, being posted for Sunday, May 14. All resident Church Members of legal voting age should attend the study groups to get acquainted with the issue to be decided.

### Attractive Stocks for Today's Market

Investors are always interested in stocks that are on the move. At any given time in the stock market there are groups which are out-performing the market as a whole just as there are certain stocks within these groups that lead others.

Currently among the better acting groups are business machines, cigarettes, drugs, oils, foods and installment finance. Investors seeking capital gains should not overlook these industries. From our *Weekly Sentinel Service*, which is available from any of our offices and which rates some 1600 stocks on the New York Stock Exchange and American Stock Exchange on a technical basis, we have selected the following as attractive for current investment:

**Business machines:**  
International Business Machines
